Black PR Wire to Launch “Giving Thanks” Campaign

This month is all about giving thanks for the many blessings in our life. In honor of **Thanksgiving** and **National Gratitude Month**, **Black PR Wire** is launching a special campaign appropriately entitled, guess what? **“Giving Thanks.”**

One of the best times to give thanks is when you are sitting around your dining room table getting ready to feast on your delicious family recipes. So, with that in mind, **Black PR Wire** is challenging you to submit your favorite family recipe into our **“Family Recipe Contest.”** This contest comes with great perks and a nice “bite” of savings.

Each client who submits an original family recipe will receive a **FREE** press release distribution through Black PR Wire. As an added bonus, the collected family recipes that we have received will be compiled and turned into an online printable **Black PR Wire Family Recipe Cookbook**, featuring **YOUR** original submitted recipes and family photos.

This is the perfect way for Black PR Wire to give thanks to our valued clients and give you an opportunity to share your family favorite recipes with mass audiences. It’s also the perfect treat for the holidays and would make an ideal gift for family and friends. Now is the time for “Giving Thanks.”

November is National Entrepreneurship Month

Entrepreneurship means different things to different people, but it basically involves turning an idea into a profitable business. Those who have been bitten by the entrepreneurial bug and have an entrepreneurial spirit can make a great difference in their respective communities by creating a valuable product or service as well as helping to bolster the economy.

In recognition of **National Entrepreneurship Month**, **Black PR Wire** would like to share the following tips for entrepreneurial success:

1. **Learn** from others’ mistakes and come up with an idea that’s great.
2. Work **harder** and **smarter**.
3. **Develop** a long-term marketing plan designed to garner your customers’ attention spans.
4. **Anticipate** problems and ways to **solve** them.
5. Be **patient**, **persistent** and **consistent**.
6. Don’t think twice to **ask for help** if you need advice.

Entrepreneurship is a great venture to enter into – turn an idea into a profitable business and make it happen for you.
